Supplies Needed

Club Couture™ Transfer: Love Conquers All
Chalkology™ Paste Singles: Guava, Couture Teal, Peachy Keen
Tools: Mini Squeegee, Small Squeegee, Transfer Trimmers, and Fuzzing Cloth
Surface: Reclaimed Metal Tray (9” × 12”)

Color and Placement for Club Couture™: Love Conquers All
1. Border: Peachy Keen
2. Love and All: Guava
3. Conquers: Couture Teal

Follow these instructions to complete the Club Couture™ project:
1. Prepare your Chalk Transfer™ by removing it from the packaging.
2. When you remove the backer from the Transfer screen, be sure to “fuzz” each element to gentle the adhesive by sticking the adhesive screen to a Fuzzing Cloth or terry cloth towel to pick up a bit of lint before applying it to your board.
3. Position the first element and smooth to adhere to your surface, ensuring there are no bubbles.
4. Prepare your Chalkology™ Paste by kneading the packet, trimming off the corner, and squeezing the desired amount onto your Color Trays or another palette surface. Stir paste if using 3 US fl. oz. jar.
5. Use a generous amount of Chalkology™ Paste on the Small Squeegee and smooth it over the Transfer (see color and placement suggestions).
6. Once the screen portion of the design is completely covered, squeegee the excess paste off as evenly as possible and scrape unused paste back into the jar or palette. The more excess paste you remove, the better the result.
7. Use the “chalk-and-pull” method to carefully pull up the top part of the Transfer (with wet paste) before it dries. Carefully lay the Transfer back down on your surface.
8. Continue spreading the next paste color and repeat the “chalk-and-pull” method to pull the Transfer (with wet paste) off the surface before it dries.
9. When all colors are complete, carefully peel back the Transfer before the paste dries and immediately put it in water to clean.

10. Once clean, let dry with the sticky side up.

11. Once all the Transfer elements are clean and dry, reapply all backers and store flat.
